To the Editor:

Why should we the people elect Jennifer Berkenstock for Probate Judge?

Because she has the experience!

Because she is trustworthy!

Because she is honorable!

Because she is personable!

She is all of these things and more. I should know – I have known Jennifer for over 10 years. I have seen her raise her children, be involved in the community, and see that Jennifer has first-rate principles, high ethics, and sticks to her values. I trust her with this important position and you should too. Visit her website (berkenstockforprobate.com), go meet her at scheduled events, and back her for Probate Judge on November 2nd!

Sincerely – Ann Selger, East Hampton
