To the Editor:

What do we want from a judge of probate? We want a special, full-time judge who will expedite the services we require. Jennifer Berkenstock is that special person and she has 15 years of probate experience. We know her from being our neighbor and a valuable citizen in our community. She has shown us the characteristics of devotion, compassion and integrity while working and raising her family here in East Hampton.

Where trust in a probate judge is so important, we can rest assured the job is well done by Jennifer Berkenstock.

Please give her your vote on Nov. 2.
