

To the editor:

When Jennifer Berkenstock first told me she was running for probate judge I thought that this will be great for the residents in the communities that she will be serving. All of Jennifer's 15 years of law experience is in probate law, serving the elderly, bereaved and vulnerable in our community, which makes her the most experienced candidate. She is always so enthusiastic when she talks about her work; I know she truly loves what she does.

I have known Jennifer since I moved to East Hampton over 11 years ago and I am very fortunate to have her as my friend and neighbor. She is very honest, straightforward and compassionate, all qualities that I would want in a Probate Judge. If you would like to learn more about probate, or about Jennifer, please visit her website berkenstockforprobate.com.

Please join me on November 2 and vote for attorney Jennifer Berkenstock for probate judge for the towns of East Haddam, Marlborough, Portland and East Hampton. Thank you.

Michelle Curtin- East Hampton
