I have known Jennifer Berkenstock for more than 15 years. She has always been a kind, compassionate, and fair individual. Jennifer is very loyal and dedicated to her community and her church. If she is elected as probate judge, I know she would handle this position as a professional, as well as offer genuine empathy to the clients. Jennifer has had 15 years of hands-on probate law experience and will make the best judge for our new district. Please vote for Jennifer Berkenstock.
