To the Editor:

Election Day is still several weeks away. As you learn about your candidates for Probate Judge in East Haddam, Marlborough, Portland and East Hampton, I would like to draw your attention to Attorney Jennifer Berkenstock as the person I believe to be the best choice for the job.

I have been fortunate to know Jennifer on both a personal and professional level. No matter the circumstance, Jennifer is honest and direct. In elder care issues, she is knowledgeable and has a strong sense of confidentiality and compassion, two qualities I feel are important for a judge of probate. Jennifer is capable of making the difficult decisions required of a judge with justice and integrity. She is someone I trust 100 percent to provide the residents in all four towns in the district with outstanding and efficient service.

If you aren't sure what the probate judge does, visit berkenstockforprobate.com where you can learn the varied duties of this important court. You can also find out how to meet Jennifer for yourself. She is friendly and genuine, and is enjoying her time "on the campaign trail" meeting people in all four towns.

On Nov. 2, please vote Berkenstock for Probate.

Sincerely,
Pam Harazim—East Hampton
