To the Editor:

I will be voting for Jennifer Berkenstock for the next Judge of Probate. I have known Jennifer for the past 13 years as a friend and neighbor. She is a warm and compassionate person who is always willing to offer her assistance. She has extensive knowledge and experience with the probate system and is well organized and dedicated. Anyone who knows Jennifer knows that she is a wonderful listener and has a strong sense of ethics. This district can rest easy knowing that Jennifer is working for them!

Please join me in voting for Jennifer on November 2nd.
